## **OneSurfFly**

### **Tournament Rules & Regulations**

#### **TWO HOUR TOURNAMENT:**

Check-in is at 6am which is 1 hour before the start of the tournament.  
OneSurfFly will begin promptly at 7am and end at 9am.

#### **YOU MUST SIGN-IN TO COMPETE ON THE MORNING OF THE EVENT!**

This is a fly fishing only contest!

All contestants must sign a liability waiver and score card prior to competing.  
Each angler is responsible to turn in their own scorecard at the end of the contest.  
All fish must be fairly caught. No foul hooked fish will count!

#### **SPOTTERS:**

All catches are to be recorded on a scorecard by a spotter to be official!  
For extra safety, spotters will watch for bystanders and insure anglers maintain a safe distance from anglers and pedestrians.

Anglers must be at least 100 feet from each other.

Leaders and tippetts can be of any strength and retied if they become worn.  
Each participant must wear a visible 2009 CA fishing license during competition.  
Each angler must provide their own fly rod, reel and line. Tippet size is open!  
Each angler must wear sun glasses, prescription glasses or safety glasses during this competition.

#### **FLIES:**

Each participating angler is to provide ONE saltwater surf fly pattern.  
Each fly will be inspected by our team and approved before it can be entered.  
All flies will be logged in, enveloped and thrown into a brown paper bag.  
Additional proven patterns will be added to sweeten the pot for those that do not wish to enter a fly.  
Each angler will pick ONE mystery fly prior to fishing.  
All contestants must use only one fly for the entire tournament time slot of two hours.  
A lost fly terminates your tournament session! No exceptions!  
All fish prior to a lost fly will be counted towards your score.  
For any fly that wins a category, a prize will be given the the angler that submitted the fly.

#### **THREE WINNING CATEGORIES:**

First Fish, Big Fish (no stingrays) & Most Fish ( all species included)

#### **VERY IMPORTANT SAFETY MESSAGE:**

Spotters will have whistles. (Whistles are to be used ONLY in an extreme situation)  
If a whistle is blown it means you are either wading too deep,  
you are crowding another angler or a pedestrian is in close proximity to your back cast.  
A blown whistle means to immediately stop casting, those that have the fly already in the water may continue to retrieve the fly only until otherwise instructed.  
Any angler disregarding a blown whistle be immediately disqualified.  
Safety and having a great time is to be of paramount importance to all of us!

**Let's all have a fun morning on the water!**
